

Women's Cancer Support Group

Compass Oncology and Pink Lemonade Project have partnered to offer a support group to give women cancer survivors an opportunity to talk with others who are facing similar challenges in a safe, welcoming environment.

Oncology social workers will be present to facilitate the conversation and to answer any questions you may have about physical or emotional issues, treatment side effects and general coping strategies. This support group is for all women cancer survivors. You can choose to attend any session or all of the sessions.

January 9: Body Image Changes

February 13: Managing Emotional Distress

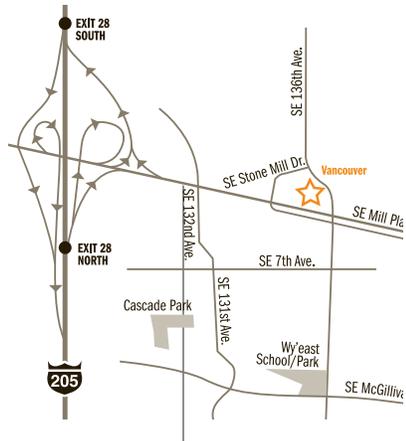

March 13: Long Term and Late Effects of Cancer Treatment and Managing Life as a Whole (Tracy Webb, PA-C to present)

April 10: Coping with the Change in Relationships and Social Roles

May 8: Cancer Nutrition (Andrea Hamilton, RD to present)

June 12: Living with Concerns of Recurrence

Cathy Weeks, LCSW

Cathy has been an oncology social worker with OHSU in their Community Hematology Oncology clinics and has facilitated a number of support groups in the Portland area. Cathy has an interest in palliative care and supporting individuals and families during these difficult times.

Virginia Hill, LCSW, LICSW, OSW-C

Virginia earned her masters degree in social work from Portland State University and has been a licensed clinical social worker for more than 20 years. Her goal is to ease her patients and their families' journey through challenging times by providing them with both emotional and practical support. Virginia sees patients at the Compass Vancouver location.
